Popular English Sr. Sec. School • 83.5% • 2017 - 2018 • Jaipur, Rajasthan

TECHNICAL SKILLS

Computer Science	C, C++, Python, DSA, SQL, HTML, CSS
Others	GitHub

WORK EXPERIENCE

- **Intern**

OASIS INFOBYTE 14/09/2022 – 6/10/2022

Successfully completed internship at Oasis Infobyte where I made completely responsive website using HTML, CSS, JavaScript. I have completed three tasks including landing page, portfolio page and temperature converter website.

- **Trainee**

UPFLAIRS 01/09/2021 – 10/11/2021

Successfully Completed Machine Learning using Python along with base project.

PROJECTS

- **Portfolio**

On this website, you can find information about me as well as my educational background, my technical skills, projects, certifications, and my resume. It is made by using HTML, CSS, JavaScript.

- **Imotions**

It is a website based on Face Emotion Detection. Basically, this is a website which detects a person face emotion simply by using your webcam. It is very User friendly as it is very simple to use.

EXTRA CURRICULAR ACTIVITIES

- Member of social club “Suhasini: An Initiative to Save the Smile of Girl Child”.
- Work as a Campus Ambassador of Coding Ninjas.
- Winner of social media contest of MUN.
- Participated in various hackathons like Tech-a-Thon, Smart India Hackathon, Dotslash Hackathon etc.
